

ePMP Free Elevate License Promotion

ePMP is the industry-leading, cost-effective broadband wireless access solution, offering unparalleled performance, scalability, and frequency re-use. ePMP Elevate is a software-based solution that allows operators to upgrade existing non-ePMP networks to ePMP quickly and at minimal cost. To further reduce the cost of upgrading with Elevate, Cambium Networks is running a new promotion that offers considerable savings.

Promotion Start Date: August 9, 2017

Promotion End Date: March 31, 2018

- Buy any 2.4 GHz or 5 GHz ePMP 1000 Access Point (AP) (“full” version only) and get 10 Free Elevate licenses.
- Buy any 5 GHz ePMP 2000 Access Point (AP) (“full” version only) and get 20 Free Elevate licenses.
- Buy any 5 GHz ePMP 2000 Access Point (AP) (“full” version only), plus a Sector Antenna, plus a Beam Forming Antenna and get 30 Free Elevate licenses.

Eligible FCC Part Numbers:

Cambium Network’s ePMP APs ordered as part of this promotion must ship to the customer by 04/16/2018. Licenses must be applied to the new ePMP AP. There is no limit to the number of APs that are eligible for this promotion.

MFP PN:	Description
C058900A132A	ePMP 2000: 5 GHz AP with Intelligent Filtering and Sync (FCC)
C058900A112A	ePMP 1000: 5 GHz Connectorized Radio with Sync (FCC)
C024900A011A	ePMP 1000: 2.4 GHz Connectorized Radio with Sync (US cord)

How to Request the Licenses:

VARs should request the free license pack from Hutton at time of purchasing the relevant ePMP Access Point.
