

FOR IMMEDIATE RELEASE:

"Hutton Communications announces distribution of Advanced Antenna, Inc. Products in Canada"

Carrollton, TX, (July 30, 2007) Hutton Communications, Inc., a leading distributor for wireless communications products, announce they will distribute Advanced Antenna, Inc. products to the Canadian market.

"We are excited that Hutton Communications will be distributing our line in Canada, since it gives us a strong presence in a market that has been untapped for us," stated Advanced Antenna CEO Shawn Craft. "We look forward to partnering with Hutton in deploying state of the art wireless broadband solutions across Canada."

"We are excited to bring the Advanced Antenna Inc. products to our customers in Canada. There is a need for these products in Canada for broadband wireless communication networks," stated Janet Morton vice president of Sales and Operations for Hutton Communications of Canada. "We expect this to be a growing market area for us long-term in the Canadian market."

Hutton Communications Inc. established in 1967, is a leading distributor of wireless communications products including site infrastructure, broadband and related networking components. Hutton provides products and services from leading wireless manufacturers to wireless carriers, tower contractors, Value Added Resellers and government agencies through a network of strategic warehouses located throughout North America. For more information about Hutton Communications Inc., please visit www.huttononline.com.

Advanced Antenna, Inc. based in Portage, MI, manufactures high-performance antennas for wireless broadband and other wireless applications. They offer seven antennas for enhancing the performance of Motorola Canopy[®], and antenna solutions for 900 MHz to 5.85 GHz, including WiMax. Their products include ten different parabolic grids, Yagis, sectors and omnis, and their mission is to deliver antenna solutions that perform as specified. More information is available at www.advancedantennainc.com.
