

**FOR IMMEDIATE RELEASE:**

## **“Hutton Communications Expands Logistics Footprint, Opens new Facility in New Jersey”**

**Carrollton, Texas, (April 9, 2008)** Hutton Communications, Inc., a leading distributor for wireless communications products, announced today the opening of a new logistics center in North Brunswick, New Jersey.

“We are excited about the opportunities in the Northeast United States” stated Hutton Communications CEO John Walker. “Our customers are looking for inventory and logistics resources close to where they are constructing towers and now we can deliver the services they need, locally.”

The new facility will serve customers in the Northeastern part of the United States and will have the capability for customers to order products and pick them up at this location. This will substantially reduce transportation times of products for customers on strict time schedules to get projects complete.

The new facility is located at 1430 Jersey Avenue, North Brunswick, New Jersey 08902.

In related news, Hutton also announced the expansion of capabilities of their West Coast facility in Garden Grove, CA. This facility is a full stocking location designed to support customers with site infrastructure equipment; including cables, connectors, towers, steel products, and other components necessary for site build out.

Hutton Communications Inc. established in 1967, is a leading distributor of wireless communications products including site infrastructure, broadband and related networking components. Hutton provides products and services from leading wireless manufacturers to wireless carriers, tower contractors, Value Added Resellers and government agencies through a network of strategic warehouses located throughout North America.
